MR. PORTER MARRIED

MISS STELLA VAN METER BE-
COMES WIFE OF GLEN-
DALE MAN

At the home of Mr. Willis Blee in Santa Ana on Wednesday afternoon, January 3, at half past two was solemnized the marriage of Miss Stella Van Meter of that place and Mr. Glenn Burdette Porter of Glendale. Rev. Stevenson of the Santa Ana Presbyterian church performed the ceremony.

Twenty of the immediate relatives and friends of the bride and groom witnessed the ceremony, which was performed beneath an arch of ferns and smilax in the living room.

The bride is the daughter of Mrs. O. A. Van Meter of Millersburg, Ill., but has lately held a position with the Farmers' and Merchants' National Bank at Santa Ana. The groom is the son of Mr. and Mrs. J. Doyle Porter of 336 S. Central avenue, Glendale, and is one of Glendale's younger merchants, being engaged in the house furnishing business at 1218 West Broadway. The couple will make their home at 1444 Salem street, where Mr. Porter has a home already furnished.

Among the guests at the wedding were Mr. and Mrs. J. Doyle Porter and daughter, Miss Fern Porter and Mr. and Mrs. J. MacMillan and daughter, Miss Eleanor Louise, of Glendale.

DEATH OF WARREN WILSON

Warren Wilson, the owner of property at the corner of Third street and Glendale avenue in Glendale, died at his home in Venice Wednesday at the age of 60 years, from pneumonia. Mr. Wilson was one of the prominent newspaper men of Southern California, being for twenty-three years editor and owner of the Los Angeles Daily Journal, which he purchased in 1893. He was the founder, and for several years the editor, of the San Bernardino Index. He went to San Diego from San Bernardino in 1883 and purchased the San Diego Sun, which he sold several years later. He came to Los Angeles in 1893, since which time he has been editor and owner of the Los Angeles Daily Journal. He leaves a widow and eight children to mourn his loss.

ATTRACTIVE PROGRAM TO-NIGHT

The Glendale Garden Society offers to-night a joyous and novel New Year's program. The theme of daffodil consideration will be emphasized by a number of young people who will compete for prizes by reciting that beautiful poem of Wordsworth entitled, Daffodils. Miss Mervia Scott will render delightful vocal solos, Miss Dorothy Wood will play the piano, giving Decker's exquisite composition, Trinity Chimes, and the Edison Laboratory Company will furnish a short program of appropriate music. Professor Root of the High School will act as judge of the oratorical contest, the prizes for which have been kindly furnished by Mrs. H. E. Bartlett and Mr. S. Jamieson. Mrs. Nanno Woods will preside. This program is open to the public and a cordial invitation is given to all residents and visitors in Glendale and vicinity. The Glendale Garden Society exists to benefit everybody. Library of Third street school, 8 o'clock sharp.

PARENT TEACHER MEETING

The Parent Teacher Association of the Third Street School has planned an excellent program for the next meeting which will be held Monday, January 8th at three o'clock. Dr. M. R. McBurney will speak on the care of children's health, dealing particularly with the health of children of the intermediate school age. He is a man of wide experience and will be glad to answer any questions. Whether a member or not, all are most cordially invited to attend this meeting.

GARDEN SOCIETY HANDBOOK

The Glendale Garden Society issues to-day a 12-page handbook dealing principally with the six floral contests of 1917. Details, rules and cultural notes make it an exceedingly attractive and educational bulletin. Free to all members of the Society. Get your copy at the meeting to-night.

EXECUTIVE BOARD TO MEET

The executive board of the Glendale Garden Society will meet at 7:30 sharp, this evening, in the library of the Third street school.

AMBULANCE SOCIETY

LADIES RESUME THEIR WORK
FOR BENEFIT OF BRITISH
WOUNDED

The first meeting of the year of the Glendale branch of the British Ambulance Society will be held next Monday afternoon at St. Mark's Guild hall. The officers of the society hope for a large attendance as there is much business to be attended to. Mrs. Walters, the president, will be the hostess of the afternoon. The members are asked to bring articles to be sent to Los Angeles headquarters for a rummage sale to be held early this month. Anything will be of use and the public generally is urged to contribute articles for which they no longer have any use. These may be left at the Glendale News office, 920 West Broadway, or at the Irish Linen Store on Brand boulevard.

Miss Ina Whitaker has received a second postal card from soldiers at the front acknowledging receipt of the Christmas hamper. The message reads: "Field Postoffice, Dear Friends, Received the parcel you so kindly sent me. The hamper was packed by the Junior Army and Navy Store of London and the contents were greatly appreciated. I wish you all success in your good work and thank you kindly. You are regular bricks, all. Robert Cann."

GLENDALE COMMERCIAL SCHOOL A YEAR OLD

Wednesday, January 3, was the first birthday of the Glendale Commercial School, of which Miss Veysey is director. The school is located in the Rudy building, over Spohr's Drug Store and has had a most successful season. In addition to the new business classes forming the first of the year, a new class in Spanish starts Monday evening, January 8th.

INCREASE IN COST OF LIVING

"A steady enhancement of prices has been going on for nearly twenty years. It is apparent that the man living on a salary is standing in quicksand, and that the value of his salary is continually oozing away from under his feet."

Such is the statement of President Benj. Ide Wheeler of the University of California, in his annual President's Report to the Governor, just issued. He says the cost of living increased fifty per cent. in the ten years from 1896 to 1906, and another fifty per cent. between 1906 and 1916, and in 1916 shot up faster than ever, so that by December, 1916, the cost of living was eighty per cent. higher than in 1906.

ENTRE NOUS CLUB

The regular meeting of the Entre Nous Club was held Wednesday afternoon at the home of Mrs. Freeman Kelley, 443 West Colorado boulevard. This was the first meeting after the holidays and the various committees reported great success in their Christmas benevolences, which was very gratifying to the members of the club. After the meeting adjourned the club was charmingly entertained by the hostess, who rendered selections on the piano and afterwards served most delicious refreshments. The next meeting of the club will be held at the home of Mrs. George Bannock, 1415 West Third street, on January 17, the hostesses being Mrs. Bannock and Mrs. Delgado.

FOR FLOOD CONTROL

At the thirty-first regular meeting of the Associated Chambers of Commerce of the San Gabriel valley in Whittier on Tuesday night the campaign was opened for the flood control bond election, which has been called by the county supervisors for February 2. Nine of the fourteen member-chambers were represented at the banquet and business session. A resolution in favor of the proposed bond issue was unanimously endorsed.

MUNICIPAL FISH MARKET

Councilman Wheeler obtained the approval of Mayor Woodman of Los Angeles Wednesday for his plan to establish a system of municipal fish markets. A. J. Woods, a fish expert employed by the finance committee to investigate the project, estimates that it will require about \$25,000 to go into the project successfully, but that the city will cut the cost of fish 4 cents a pound in Los Angeles, and will be able to pay all expenses and have a surplus besides from the revenue of the fish markets.

POSAL WAS DUE TO DIRE NECESSITY

(Special Service to Glendale Evening News)

TO GUARANTEE PEACE IS COMICAL

(Special Service to Glendale Evening News)

NEW YORK, Jan. 4.—Roosevelt vigorously attacked President Wilson's note and his method of handling it in an endorsement of Senator Lodge's fight against endorsing the note. The Colonel also commended Congressman Woods' demand for an investigation of reported "leaks" in the state department. He sarcastically referred to Lansing's interpretation of the president's note two ways in six hours. He said: "The spectacle of Wilson with the aid of Messrs. Baker and Daniels trying to guarantee peace for any single nation against a powerful and resolute foe is most comical."

DEBATE ON ENDORSEMENT CONTINUES

THE HITCHCOCK RESOLUTION IS CHIEF MATTER OF IN-
TEREST BEFORE U. S. SENATE

(Special Service to Glendale Evening News)

WASHINGTON, D. C., Jan. 4.—The debate on the Hitchcock resolution endorsing President Wilson's peace note continues in the Senate. Senator Lodge says the note involves the danger of interference in European politics. He warned the Senate not to endorse the note unless openly asked to do so, especially not unless they are taken into the President's confidence. Senator Lewis defending the president said the note was justifiable as Wilson merely offered the services of this government.

BUILDING PROGRESSES

NEW CHURCH AT THIRD AND
KENWOOD ASSUMES LARGE
PROPORTIONS

The new church building being erected by the members of the First Methodist congregation in Glendale, on the corner of Third and Kenwood streets, is assuming such proportions as to give promise of being one of the most commodious and handsome buildings in the city. The building is in charge of Thomas Addison, well known contractor, who is rushing the work. The foundation work is in and the framework of the main floor is in place so that an observer may get an idea of what the building is to be like. The church was designed by Arthur Lindley, architect. It will be Gothic in design and promises to be a credit to the designer. Every feature of modern church work has been considered in planning this building, which will cost in the neighborhood of \$40,000 when completed.

MUSICAL POSTPONED

The musical entertainment which was to be given last Thursday evening by the music section of the Tuesday Afternoon Club for the inmates of the Old Peoples' Home in Los Angeles, and was postponed on account of the storm, will be given to-night. A pathoscope will be taken over and moving pictures, showing scenes in different countries, will also be a part of the program. Any club member who wishes to go over may. The members and the entertainers will meet at the home of Mrs. E. W. Kinney, 1223 West Seventh street, at 6:30 and drive over to Los Angeles in automobiles.

DEATH OF A PIONEER

The sympathy of many friends is extended to Mrs. L. B. Cohn of 1227 West Seventh street in the loss of her father, Felix Levy, of Los Angeles, whose funeral was held yesterday morning, with interment in the Home of Peace cemetery. Mr. Levy was one of the pioneers of Los Angeles, where he was in business for thirty years, being owner of the Great Eastern Market. He leaves a wife and four children.

MOVING JEWELRY STORE

C. E. Peck moved his stock of jewelry from 1010 W. Broadway to 1106½ W. Broadway Wednesday of this week. The new location is not only more central in location but is better in every way for his line of business.

L. C. D. C. DANCE

The third dance of the season to be given by the La Crescenta Dancing Club took place at the Crescenta Auditorium last Saturday evening, December 30. This was the last Club Dance for the first quarter and a great many tickets were renewed for the next quarter. The floor-manager, Mr. E. N. Nettleton, announced that hereafter dances will be given the last Saturday of each month instead of the first Saturday, as formerly.

EAGLE ROCK LINE COMPLETED

The Glendale & Montrose Railway Company have completed the work of standardizing the track between Glendale and Eagle Rock, and new trolley wires and poles have been put in where necessary. The standard gauge tracks will permit of larger cars being used on this line and these will be installed in the near future. When the present management of the Glendale & Montrose Company took charge a campaign of advancement was mapped out that has been steadily adhered to. This included a good deal of work on the tracks of the Verdugo Park line and much has been accomplished toward improving all of the property of the company. Such a spirit of progress on the part of Manager Bohon and his company is to be commended.

BUILDING PROSPECTS GOOD

From every source we learn that the prospects in the Glendale community for considerable building for the coming year are good. Glendale is a desirable place in which to live and buildings lots can be purchased just as reasonably here as elsewhere.

WEATHER FORECAST—Fair to-night and Friday; increasing cloudiness; heavy frost Friday morning. Westerly winds.

In addition to the stationery business, a public stenographic department will be conducted, Mrs. Hughes being an expert public stenographer.

ROUMANIA IN THE WAR

The entrance of Roumania into the war has provided the most dramatic spectacle of the twelve months' conflict. There is every reason to believe that the western allies did not want the Bucharest government to break its neutrality. The chance of a successful German campaign such as followed the belligerent action of the Roumanians, was well realized in London and Paris. But imperialist desires turned the heads of the Roumanian militarists at a most inopportune time for their own ambitions. They plunged into the war after Russia expended most of her reserve ammunition in conquering Bukovina, and was consequently unable to be of large assistance to the Roumanian army.

Furthermore, the Roumanians outran military discretion by plunging too quickly into Transylvania and by leaving their rear, in Dobruja, insufficiently protected. An opportunity for the use of high strategy was thus presented to the German General Staff, and in the trial of military genius that followed, the German commanders wholly outclassed their Roumanian and Russian opponents. Thus, an adventure that might have resulted in cutting Teuton communications in the Balkans has ended, for the present, in large material advantage to the Germans, who are now in possession of valuable Roumanian grain and oil fields.

The British and French started this summer their combined western offensive, in an effort to demonstrate whether the trenches constructed by the Germans under the most skillfully developed scientific methods, could be overcome by an unprecedentedly intense concentration of artillery fire. The result, up to the end of the year, has tended to show that although fortresses built above ground cannot withstand besiegers' guns, defensive tactics underground seem to be superior to any but very prolonged bombardments which, to be successful, must be confined to small areas.

The French forward movements at Verdun, undertaken while the battle of the Somme was in progress may, however, change future military opinion of the comparative impregnability of trench warfare. How the French made their quick and successful assaults along the Verdun front is not known. The assumption that the Germans were compelled to denude part of their Verdun line of men and guns, is not borne out by the fact that comparatively unimportant sections of the Verdun front have not given way, while the best defended parts are the ones that were broken. The French higher command may have discovered a new flanking system applicable as yet only to the local conditions prevailing at Verdun, but possibly capable of wider development.

Italy's capture of Goritz this year is her most important success of the war. Its effect, however, is partly lost by the advance the Austrians have made in the Trentino districts. Italy more than holds her own on a balancing of accounts, but the year's developments have indicated that the Italian government is not prepared to pay the cost of victory with continuously large casualty lists. The chance of capturing Trieste on these terms has not been shown to be to Italy's liking.

Germany's Verdun campaign brought very serious losses to her during the year, without compensating advantages. The destruction of Teutonic man power in that ill-advised adventure cost General von Falkenhayn his post as Chief of the German General Staff. The promotion of Marshal von Hindenburg to the supreme command was followed by brilliant victories in Roumania.

TALK VERSUS WORK

The fault so common to individuals and associations of talking instead of working is one that is on the increase. Many societies and clubs which have been organized for the purpose of carrying forward needful work, have become talking organizations instead of working organizations. The time of members of various organizations nowadays is devoted to the question of how to do work at hand instead of actually getting busy and doing the work. There are millions of people ready to talk, where there is not anyone who is ready to do actual work. "Talk is cheap," is a phrase that has a meaning worth considering.

It is so easy for a group of people to get together and discuss the needs of the poor, but it is not so easy for those same people to assist with practical work that will benefit the poor. There is a waste of time in talking about how boys and girls should be educated unless some one steps forward and makes it possible to have the educating done. Citizens of Glendale have been talking about the need of public rest rooms or comfort stations that should be located at various places in the city, but talking about the need of rest rooms does not establish them. The proper persons must get busy and keep busy until rest rooms have been installed. "Deeds, not words," should be the motto of everybody who believes in doing things.

THE CASH SYSTEM

Glendale now has a number of business concerns that practically sell for cash. The system is a very satisfactory one for both merchant and buyer. The credit system, especially where only small articles are charged, adds greatly to the expense of doing business.

The merchant who sells a 50-cent article, delivers it and makes the charge on his books, and on the first of the next month uses stationery, a two-cent stamp and time to make out the bill has then gone to a total expense of more than the price of the article. Selling and delivering free articles worth less than \$1.00 on the credit system will put any merchant out of business unless he sells for exorbitant prices.

The desire to get patronage has caused merchants to make free deliveries at a loss, and when they refuse to make them the customer very independently replies: "I will trade where I can have these deliveries made."

The delivering free of articles of little value and the expense of collecting small accounts scattered over a large territory is what makes doing business very expensive.

NATION'S FOOD SUPPLY

The food supply of the Nation is discussed by the Secretary of Agriculture in his annual report for the fiscal year ended June 30, 1916. The Secretary states it is notable that, with the exception of meat and dairy products, the per capita production of the leading food commodities, notwithstanding the increase in population, has remained approximately the same or has increased. It is gratifying to note, he adds, that the alarming decline in beef production reached its lowest point in 1913, and that since that time there has been a material increase, while there has been a marked advance in the number of swine since the census year 1899. The number of sheep has continued to decline, but only to a slight extent. The number of animals slaughtered and the quantity of meat products prepared under Government inspection during the past fiscal year are the largest in the history of the service. This heavier slaughtering has been accompanied by an increase in the remaining stock of animals. He points out that with all the agencies now available for improving agriculture there is ground for optimism as to the ability of the Nation not only to supply itself with food but increasingly to meet the needs of the world.

Among the specific recommendations in the report are:

1. That the Secretary of Agriculture be authorized to establish legally enforceable standards of strength, quality, or purity for articles of food and for those articles of drugs which are sold under or by a name not recognized in the United States Pharmacopoeia or National Formulary. The adoption of legally enforceable standards, the report states, will benefit the consumer and the honest manufacturer. Without them it is impossible to carry out completely the purposes of the Food and Drugs Act.
2. That the department be given authority to inspect establishments producing food and drugs intended for shipment in interstate commerce. There are many forms of adulteration, the Secretary says, which are difficult to detect without inspection of the place of manufacture. This is particularly true of foods produced under insanitary conditions.
3. The inauguration of a systematic campaign for the eradication of tuberculosis in cattle and swine. A recommendation has been included in the estimates for the fiscal year 1918 that an appropriation of \$75,000 be made for the purpose.
4. That a clear distinction be drawn between national parks and national forests, and that a definite policy governing their relation be established.
5. That the name of the Office of Markets and Rural Organization be changed to Bureau of Markets. The Secretary states that the importance of the work and the size of the organization fully justifies this change, and that it is in the interest of simplicity and convenience.

NEW GRAPEFRUIT

From the famous Atwater citrus groves in Florida has come a pink-fleshed grapefruit of excellent quality. This novelty originated by bud variation and has been propagated and fruited in the Salt River valley in Arizona, from which district Dr. H. J. Webber of the citrus station at Riverside has obtained bud wood and will ere long have tested this new acquisition in California. A pink-fleshed grapefruit of good quality will undoubtedly serve to increase consumption of this branch of our citrus products. There are few locations in central and southern California where a tree or two of the Marsh seedless variety will not succeed in the home grounds and a pink-fleshed variety would be a decided acquisition.

Nine thousand acres will be planted to sugar beet seed in Conner and Buttonwillow districts in Kern county this winter. Most of this work will be done with tractors running day and night.

The home and friendship are stronger units than business in any community. This is particularly true in the country. Arguments and reasoning are convincing forces, but the heart and human nature usually settle human differences.

In 1904 the actual cash road and bridge expenditure in the United States averaged slightly less than \$28 per mile of rural roads. In 1915 the cash road and bridge expenditure had increased to an average of \$109 per mile of road.

GROWTH

Many things, both outward and inward, have occurred to make this November happier than the last. One's thoughts "are widened with the process of the sun"; and if one is rather doubtful whether one is really wiser and better it is some comfort to know that the desire to do so is more pure and dominant.—George Eliot.

Smile. Life is a serious proposition, it's true, but it is not so serious that we can't look cheerful while we are living it.

The pasturing of corn is especially applicable to semiarid regions. The dry soil is not injured by the animals, and very little corn goes to waste or spoils by coming in contact with the soil. The stalks are left in good shape to prevent the drifting of snow.

But a very delightful week was spent, however, the visitors being entertained with numerous dinner and theater parties during their stay.

TUJUNGA

Town Meeting

The town meeting was held last Friday evening instead of Tuesday, as is the usual custom, owing to the fact that the Christmas program had been postponed till this evening. This was the last meeting of the year and the last at which Mr. Fred M. Ashby expected to preside as moderator. Mr. Ashby has filled the office since the meetings began in the club house more than three years ago. He has never in all that time been absent or tardy. It has certainly seemed in the several years that he has occupied this position, that the right man was in the right place. As a presiding officer Mr. Ashby has proven himself to be tactful and fair minded—a thorough parliamentarian. At this meeting the annual election of officers was to have taken place, but it was impossible to find any one willing to assume the responsibility of any of the offices. The old officers feel that they have served long enough and that it would be better to have an entirely new staff. After considerable discussion it was finally decided to appoint Mr. Wieman a committee of one to thoroughly canvass the matter and report at the next town meeting, which occurs Tuesday evening, January 9th.

The club house committee have decided to raise the rates of rental of all the organizations using the hall and to charge the town meeting \$2.00 per night. This meeting has never been taxed heretofore and there is considerable dissatisfaction expressed about such a charge, and it may result in the discontinuance of these meetings, unless the people of the community manifest sufficient interest to meet the expense.

Mr. Ashby gave a resume of the financial status of the hall and spoke of various plans the committee has in mind for raising funds for the upkeep of the building and grounds. Mr. Rocky has had the care of the club house and grounds for the past fifteen months and he has proven himself a careful and painstaking custodian, faithful and courteous.

The clerk, Mr. C. H. Clark, gave a summary of the town meeting for the year and of the amount of money received and disbursed by the hall committee. There has been received during the past year the sum of \$438.75 and the expenditure totaled \$438.55, leaving a balance of 20 cents on hand besides the rentals now due. The clerk reported that the Christian Federation always met their apportionment very promptly.

The historian, Mrs. Woodruff, stated that she would give no detailed report of the history of the community till affairs are in a more settled state. Those taking part in the various discussions of the evening were Miss Mary Lewis, Mr. Wieman, Mr. W. C. Miles, Mr. Haverstick and Mr. Eckert, Mrs. Woodruff and Mr. Ashby.

Weather Report for Tujunga

The greatest amount of rainfall at any one time within 24 hours occurred between 5 p. m. December 23 and 6 p. m. December 24th, amounting to 3.66 inches. The amount of rainfall for the season is 9.27 inches. The highest temperature for the month was 75 degrees and the lowest 30 degrees.

The Poultry Club is scheduled to meet Monday evening, January 8th, at 7:30 o'clock.

The installation of the new officers of the Christian Endeavor Society occurred last Sunday evening after the regular meeting. The service was conducted by the pastor, Rev. Wieman. He gave a very earnest talk to the young people concerning their duties and responsibilities. He told them that many times they would find that duty and inclination did not lie along the same road, but duty performed faithfully and responsibility rightly assumed lead to development of Christian character and growth in grace. Mr. Wieman praised the young people for their ready response to the calls made upon them and spoke of the help the society is to the community and expressed the confidence in the future growth of the work of their society. The Endeavorers held their monthly business meeting New Year's night at Bolton Hall.

The French class met last Saturday morning at the home of Miss Atkinson on Pine street. The next meeting was held Tuesday morning at the home of Mrs. Brissenden on San Ysidro road. The next meeting occurs Saturday morning at the school house.

Mr. W. C. Miles was a visitor in Tujunga from Friday till New Year's morning. Among the number going from this place to Pasadena to view the Rose Tournament on New Year's Day were Rev. and Mrs. Wieman, Miss Stella and Mr. Don Wieman, composing a party with Mr. George C. and Dr. C. C. Buck and family and Mrs. Chase. Mr. D. H. Johnson and Mr. and Mrs. Ludga formed another party; also Mr. and Mrs. Miles and family of San Ysidro road.

Mrs. P. J. Blake of Cedar street has been on the sick list for a number of days.

Miss Chalfont of Pasadena was here for a few days last week at her place on North Sunset boulevard. Miss Chalfont and her brother were former residents of this place.

"He, who by his 'biz' would thrive, must either bust or advertise."

GLENDALE HIGH SCHOOL, JANUARY 4, 1917

NO. 1

NEW WEEKLY FOR GLENDALE HIGH

SCHOOL SPIRIT REVIVING

PROJECT SHOULD RECEIVE SOLID SUPPORT OF HIGH SCHOOL STUDENT BODY

(By Direct Wire)
GLENDALE HIGH SCHOOL, Jan. 4.—The first edition of Glendale High School's new paper, The Weekly Explosion, is out, and school spirit is recovering after a four-year slump, according to dispatches received from authentic sources late to-day. The stamp of approval has been placed upon the new weekly by most of the prominent figures in high life at Glendale. The staff includes the best talent of the school.

Principal Geo. U. Moyle has come out in favor of the new paper, and Miss Knepper, head of the English department, is rendering all the assistance possible to the new project. All the objections to a school weekly have been overcome, and the paper promises to meet with unprecedented success.

The object of the new journal, according to the editors, is to promote school spirit. It is also expected to encourage journalism, which should prove a great benefit to the Stylus this year and in the future. Every student who has something worth while to present will be given space in the columns of the paper. A strong bid will be made for humor.

A feature of the new paper is the staff of reporters, which includes every student in Glendale High School. The position of Head Reporter is open to any student who earns it, according to the editors. The merit system will be observed in strict accord with modern newspaper practice.

THE WORLD'S GREATEST MEN

Moses, Alexander the Great, Caesar, Charlemagne, Napoleon, Washington, Lincoln—and the college frosh home for the Christmas holidays.

Ain't it so?

Have you lost something? Try a want ad.

TOURNAMENT PLAN ADOPTED

The tournament plan will be used in the Citrus Basketball League this year, according to the decision of the convention of principals in Riverside Saturday. This plan is a novelty in Southern California.

League officials believe that the new system will prove successful. The teams will gather in one place and play off the series in two or three tournaments, instead of traveling about from city to city to play single games. The first tournament will be held at San Bernardino to-morrow.

If the plan is a success in the citrus division, it will probably be adopted by the other leagues.

Explosion want ads bring results. Ten cents per line.

DO YOU KNOW—

That Wilson kept us out of war?
That Shakespeare is dead?
That there are no jokes in the joke box?
That the High School has a band?
That a noisy noise annoys an oyster?

That a straight beats a full house?
That this is all foolishness?
That genius borders on insanity?
That Harold Venske is a genius?
That Sam Durand is not a Jew?
That this is to be continued?

SCRUB BASKETBALL

The Scrubs beat the Intermediate in basketball Thursday, December 14, by a score of 35 to 20. One game was played previously with the Intermediate, which the Scrubs lost by a score of 29 to 25. There will probably be a third game played, which the Scrubs are almost sure of winning. Those who played in the last game were Stuart McMillan, captain and manager, Wilbur Shively, Everett Bartlett, LeRoy Volkhart and Guy Bennett.

SOME OF GLENDALE'S STAR ATHLETES WHO HAVE BEEN WORKING DURING VACATION

Howard McGillis—Playing Santa Claus to Glendale people and dancing at Solomon's.
Ed Seay—Shoveling groceries at Ralph's.
Miller Fischel—Chasing the elusive golf ball.
Wm. Balthis—Trying out his new trousers.
Axe West—Curling his hair.
Max Sheriger—Working on his farm in Eagle Rock.
H. Smahe—Writing the Stylus.
K. Beldin—Getting up Glendale's best directory.
J. Sharpe—Playing the Hero stuff.
Olin Wilson—Cranking a Ford.

TENNIS

On thru the gruelling test
Labored the boys—and West.
"All of their hopes we'll spill,"
Predicted old man Bill.
"Badly their players we'll handle,"
Said lovesick Mr. Crandall.
"At our expense they will suffer,"
Remarked the Swede, Roscoe Puffer.
And Monrovia met inglorious defeat.
Written for the Explosion by L. Crandall and H. McGillis of the Purity Squad.

Toiling beneath the glaring rays of old Sol our husky young tennis team labored victoriously onward to the coveted goal of success. "Excelsior" was their cry. All were in the pink of condition with the possible exception of "Ax" West, who was seen stepping out the night before with one of the fairer sex. However he was sufficiently recovered from his butterfly tactics to cause his opponents to taste the bitter pill of defeat.

The game was played on Saturday morning, December 16, 1916. The above mentioned opponents were the raquet wielders of Monrovia High School, while the victors were no others than our own tennis team, Balthis, West, Crandall and Puffer. The result sounds like a football score, 17-0.

FIRST WITH THE BEST

That is the motto of the Explosion. The Explosion is noted for being always in the lead of its competitors with the news. This is made possible only by the large number of leased wires it employs, and the large staff of reporters which is constantly in touch with every happening in the school.

The Explosion is a leader. Others follow.

Olin Wilson always keeps his theater ticket stubs. If you don't believe it, just ask him how much he paid to see the show New Year's. Good idea, Olin.

Harry Shimp was caught in the act of putting sugar in the salt shakers down in the "Cafe Beautiful." This accounts for the numerous cases of gastronomic inconsistency among our patriotic patrons recently.

Mr. Houdyshel has a newwhet. Santa Claus also brought him a new jackknife.

Miss Velmah O'Hanion, formerly a Glendale student, visited school on Thursday to see her old young friend Dutch Reid. Louis was delighted to see his vivacious sweetheart once more and it was with a heavy heart that he saw her depart. Cheer up, Dutch.

EDITORIAL

READ THIS EDITORIAL.
You have heard the story before, but listen to it again—then act.

How do you like your new school paper? Do you think it will be a good thing for your school? Do you think it will help school spirit? Do you think it should be continued? Well, then, what do you propose to do about it? Do you realize that the whole thing is up to you? As much as the staff desires to make this news-sheet a success, it can not do so without your aid. A school paper without support is like a sock without a garter.

But with your support this paper is bound to be a success. It is bound to put new life into Glendale High. With your support it will furnish the tonic to school activities that has been needed for five years, and once more put Glendale on the map as a live wire institution.

And when we speak of support we mean, for the most part, copy. Copy is the most essential commodity of the press room. Copy is turned out by reporters. Remember, you are a reporter. Every student in the school is a reporter. Your copy may not all get by the first time, but keep writing. Snappy items with names attached

SPORTS

BASKETBALL

Glendale vs. Alhambra

Last year, about this time, just as Black and Red supporters were beginning to dream of another championship banner hanging in the Aud., a squad of lavender-and-white-becked basket shooters came over from Alhambra and dealt us a wall-lop.

But that was last year. This year—to-morrow night, in fact—we are going over to Alhambra for revenge. And "we" doesn't mean the usual five regulars and a couple of subs. "We" means G. U. H. S. How many of you loyal "Glendale Bunch" are going to be over there behind the team in the first lap in the championship race?

Glendale has a new team this year. But just listen to this: In practice it gave the second best team in the state a run for its victory. After the game the Hollywood captain said our team gave his players the hardest scrap of any team except Whittier, state champs.

And how does this sound? Hollywood beat Alhambra 51-11. They beat us 34-24. Draw your own conclusions. However, we shall play to-morrow under a severe handicap, for the game will be on the enemy's court. The team will need such support as Glendale High gave her teams in the good old days. Let's furnish it!

John Sharpe is managing the truck which will carry Glendale's howling rooters to Alhambra. See him immediately! If you have a date for a party or something, take her to the game instead. If she's a real one, she'd rather root for Glendale than dance or see the movies any day.

Every loyal student who can get a machine, by all means do so. If you can't, see John about the truck.

HELP THE TEAM "GET" ALHAMBRA.

LA CANADA

Mr. and Mrs. Jesse Knight, Mr. and Mrs. Alfred Knight and daughter, of Pasadena, were visitors in the valley Sunday. These people were former residents of our valley and were pleased to see the great improvements that have occurred in our valley since their departure.

Mrs. D. B. Scott has as her house guest for the winter her sister, Miss Tappan, from Boston, Mass. It is hoped she will like our valley enough to make this her future home.

Miss Sarah Deerborn, aged 74, passed away last week at the home of her nephew, Mr. Thomas Mc. Hall.

Miss Deerborn was the daughter of a famous colonel in the past wars. She has been confined to her home for several years and the last year was practically an invalid. Miss Deerborn's family was well known in Pasadena and there were many people who mourned the death of the last member of this family.

Dr. Scott will take for his sermon Sunday morning The Open Door and his topic Sunday evening will be The Lighted Lanterns. Special music furnished by the choir will be given.

The Christian Endeavorers will take for their subject Sunday, "Ought"—a pledge meeting—Ps.

50:1-15. A business meeting will be included in the services. Let everyone come.

Mrs. Rob. Waterman is still in bed with la grippe. It is hoped by her friends that she soon will be up. Mr. Waterman is now able to walk around. He is greatly improved.

Mr. Clark is still confined to his bed with sickness. He is slowly improving, but hopes to be up in the future.

Mr. and Mrs. A. G. Williams had as their guests on New Year's Day, Mrs. Dean and daughter Verna and Misses Ruby and Daisy Fawcett of Whittier.

Mrs. J. J. Penfield of Hilliard avenue is still confined to her home with la grippe. It is hoped she will soon be out and among her friends again. She is greatly missed in the choir at Sunday morning services.

Two portable houses have been erected on the corner of Fairview and School streets. The families moved Tuesday of this week and they are very enthused over our wonderful country among the hills. We are all pleased to have these newcomers and hope they will enjoy living among us.

Interest in the library is increasing every month. The circulation for the past year was 2694 books and magazines, being an increase of 13 per cent. over the circulation of last year. When the library is moved into the new school building there will be a reading room and other conveniences which will be much appreciated by those who patronize it. The following magazines have been subscribed to for the coming year: Century, Good Housekeeping, Harper's, Ladies Home Journal, Literary Digest, National Geographic, Popular Mechanics, Scribner's, St. Nicholas and World's Work.

Mr. Shannon Wagner of Perris Valley has returned to his home after a stay of one week in our valley. Mr. Wagner formerly resided here.

Mr. Willard Barnum, employed by the Telephone Company of Los Angeles, is now at the home of his parents for a couple of weeks, hoping to improve in health, which he undoubtedly will, with the pure air and beautiful surroundings.

Mrs. McMullin was the hostess at

a beautifully appointed dinner Sunday in honor of her husband's birthday. Red carnations were used throughout the house. An immense birthday cake was an added attraction to the dinner. There were twelve guests and they came from various cities in Los Angeles.

Miss Ada Fisher has been the house guest at the home of Mr. and Mrs. Granger on School for the past two weeks.
